

VIC WILL WEAR IT PINK

Vic is our clinical nurse specialist for younger women.

She supports our Younger Women Together groups and events throughout the UK.

She also organises “the Younger Women’s Champion nursing network”. It brings together nurses across the UK to share best practice and expertise. They advocate for the needs of younger women and their families.

“ I love my job! I’m passionate about supporting people affected by a breast cancer diagnosis, especially younger women.

Since working with Breast Cancer Now, I’ve seen how we can influence change. And be there for people as they go through a breast diagnosis and the challenges it may bring. Together we can make a difference.” - Vic

Wear it pink and help fund the amazing work our specialist nurses are doing.
